GARBAGE AND LANDFILL

The Orange County Landfill and transfer stations are open and will accept vegetative yard waste free of charge on the following days:

Orange County Landfill: Friday, Oct. 11 to Sunday, Oct. 13, from 8 a.m. to 5 p.m.

Orange County Transfer Station: Sunday, Oct. 13, from 8 a.m. to 5 p.m.

Residents should be prepared to provide their driver's license to confirm Orange County residency.

Regular curbside collection services are planned to resume starting Monday, Oct. 14. Yard waste collection will be delayed due to post-storm volume.

WASTEWATER

Residents are asked to reduce their impact on the wastewater system by reducing water usage when possible. This will lessen the strain on pump stations and help prevent sewage overflows. Limit large, immediate water usage in dishwashers, washing machines and baths. Water stored in bathtubs should be drained slowly, not all at once.

SHELTERS

Orange County sheltered more than 2,600 people from Hurricane Milton. As of 12 p.m., Friday, Oct. 11, 2024, all general population shelters are closed.

PARKS

The following parks, boat ramps, and trails are CLOSED to the public on Saturday:

- Cypress Grove Park (events in buildings will still take place)
- Trimble Park
- West Orange Trail (portions)
- Little Econ Greenway (portions)
- Moss Park
- Kelly Park
- Magnolia Park
- RD Keene Boat Ramp
- Lake Down Boat Ramp

POWER OUTAGES

Utility crews are currently working to restore power to customers as quickly and safely as possible.

Duke: 67,000 customers in Orange County are currently affected by power outages. Duke Energy will issue estimated times for restoration for all customers by the end of today.

OUC: 28,768 customers in Orange County are currently affected by power outages. OUC plans to release a significant system-wide estimated time of restoration for customers by 11:59 p.m. on Saturday, Oct. 12.

Report outages to your electric provider in Orange County.

- Orlando Utilities Commission (OUC): 407-423-9018
- Duke Energy: 800-228-8485
- Winter Park Utility: 877-811-8700

TIP, TOSS, COVER

Standing water across Orange County is a major breeding ground for mosquitoes. As you evaluate damage and debris around your home, please remember:

- **Tip out** any standing water from garbage cans, plant pots, pools, and other containers.
- **Toss out** anything that can hold water, like tires and bottles.
- **Cover up** with mosquito repellants that contain DEET and are EPA-approved.

For children under two months old, the Florida Department of Health in Orange County recommends using mosquito netting.

INOPERABLE TRAFFIC LIGHTS

If you approach an intersection and see the traffic signal not functioning normally, follow these rules:

- **Flashing Red:** Treat the light as a stop sign. Be sure to look in all directions before carefully advancing through an intersection.
- **Flashing Yellow:** Slow down and proceed with caution through the intersection.
- **Lights Out:** Treat an inoperable stoplight as a four-way stop. Don't expect other drivers to follow suit. Observe crossroads and pedestrian crossings and then proceed with caution.

Orange County residents can dial 311, download the OCFL 311 mobile app, or call 407-836-3111 to report non-emergency incidents.

WASTEWATER

Residents are asked to reduce their impact on the wastewater system by reducing water usage when possible. This will reduce the strain on our pump stations and help prevent sewage overflows. Limit large, immediate water usage in dishwashers, washing machines and baths. Water stored in bathtubs should be drained slowly, not all at once.

BUILDING SAFETY

Division of Building Safety Habitability Assessment teams comprised of licensed Building and Electrical Inspectors will deploy on Friday, Oct. 11. Residents can dial 311 or use the OCFL 311 app to report damage.

GARBAGE AND LANDFILL

The Orange County Landfill and transfer stations should reopen at 8 a.m. Friday, Oct. 11.

Only residential garbage in the green lid carts will be collected when curbside collection resumes on Friday, Oct. 11, and Saturday, Oct. 12, in areas that are accessible. Wednesday, Thursday, and Friday customers should set out garbage green lid cans by 6 a.m. Friday, Oct. 11. Regular collection services are planned to resume starting Monday, Oct. 14.

Yard waste collection will be delayed due to post-storm volume.

- Duke Energy: 800-228-8485
- Winter Park Utility: 877-811-8700

GENERATOR SAFETY

Although generators are extremely useful tools during a power outage, they can also be extremely dangerous if not used correctly. Review these important generator safety tips to keep your family safe.

- Review the owner's manual and follow all instructions.
- Never use generators indoors or in partially enclosed spaces.
- Never run a generator in areas where people or animals are present.
- Always connect a generator to appliances with heavy-duty extension cords.
- Never store fuel for your generator in your house.
- Do not store fuels near a fuel-burning appliance such as a stove or water heater.
- Before refueling the generator, turn it off and let it cool down.

For more information on generator safety, visit ocfl.net/storm.

WEATHER UPDATE

Orange County is under a Hurricane Warning, with an elevated threat of tornadoes. Residents should shelter in place until the storm has passed. The county is currently under a local state of emergency, and a state and federal state of emergency.

Potential Weather Threats:

- Tropical Storm Force winds 45-65 mph
- Up to 8-12 inches of rain in parts of Orange County
- Increased risk of tornadoes

TORNADO RISK

Due to the elevated threat of tornadoes, residents are advised to stay updated on weather alerts. The National Weather Service has three key alerts to watch out for regarding tornadoes.

Tornado Watch: Be Prepared! Tornadoes are possible in and near the watch area. Be ready to act quickly if a warning is issued or if you suspect a tornado is approaching.

Tornado Warning: Take Action! A tornado has been sighted or indicated by weather radar. Move to an interior room on the lowest floor of a sturdy building. Avoid windows. If in a mobile home, a vehicle, or outdoors, move to the closest substantial shelter and protect yourself from flying debris.

Tornado Emergency: Seek Shelter Immediately! There is a severe threat to human life and property, with catastrophic damage confirmed. Immediately seek refuge in the safest location possible.

FLOODING RISK

The National Weather Service predicts that Orange County may receive 8-12 inches of rain between today and Friday, with the heaviest rainfall expected in the central and western parts of the county. Residents in flood-prone areas should prepare for potential flooding and possible evacuations.

The Orlo Vista/Westside Manor area is expected to experience significant roadway and yard flooding as local water bodies are near capacity. The following areas are at risk:

- **Ronnie Circle, Murry Drive, Livingston St., Mandrake St., Pearlwood St., Pine Hills, and Dover St.:** Roadway flooding is expected.
- **Washington St. and Oak Branch Ave. (Oak Crest Mobile Home Park):** Street and yard flooding are anticipated as Lake Orlo and nearby canals approach critical levels. No structural flooding is predicted at this time.
- Additional areas at high risk of flooding include any area [within a FEMA 100-year floodplain](#).

Residents in these areas should remain alert, avoid flooded roads, and prepare for possible evacuations if conditions worsen. Stay updated through official channels and follow safety recommendations.

WEATHER UPDATE

The National Weather Service has placed Orange County under a Hurricane Warning. Milton's latest track shows that damaging hurricane conditions are increasingly likely in Orange County.

Beginning tomorrow morning, rainbands will increase over Orange County and continue throughout the day. After sunset, there is a potential to feel tropical storm-force winds.

From Wednesday night through Thursday

- Wind gusts in excess of 74 miles per hour
- The potential for 6 to 12 inches of rain

Follow the [National Weather Service](#) or local news station for the latest weather updates.

FLOODING RISK

The National Hurricane Center forecasts that Orange County will experience 6 to 12 inches of rain from Wednesday through Thursday, with the northern and western parts of Orange County receiving the heavier rainfall. Due to the risk of heavy rains and potential flooding, residents in flood-prone areas are advised to stay updated on weather alerts and have evacuation plans if necessary.

Areas at High Risk of Flooding:

- Locations that experienced flooding during Hurricane Irma or Hurricane Ian.
- Any area [within a FEMA 100-year floodplain](#)
- Areas with historic flooding from tropical systems, including:
 - Orlo Vista / Westside Manor
 - Bonnie Brook neighborhood
 - Rio Pinar neighborhood and surrounding areas
 - Near the intersection of Rouse Road and Buck Road
 - Four Corners area (Avalon Road/Arrowhead Boulevard)
 - Lower areas in northern and western Orange County

Action Steps:

- **Stay Informed:** Follow weather updates and forecasts through local news or the National Hurricane Center.

- **Prepare to Evacuate:** If you live in one of the areas listed or know your property is prone to flooding, consider sheltering with family or friends living outside these areas. [Multiple shelters are also open across the County.](#)
- **Protect Property:** Clear storm drains, elevate valuables and consider sandbagging in low-lying areas.

SHELTERS

Shelters for Persons with Special Needs (PSN) are open, and general population shelters will open by 6 p.m. this evening. IDs are not required to enter a shelter. Households in flood-prone areas or mobile home structures should consider sheltering with family or friends living outside of these areas.
